

## CREATIVITY

During the first half of the spring term, 2020, the School Council asked all the children in the school to suggest ways in which the teachers could provide opportunities for the children to practise the skills associated with **Creativity** and put them to good effect.

The School Council will then consult with teachers, parents and governors for their views. Afterwards A4 coloured posters will be made to help all when working creatively.

- Do what you want
- Outdoor creativity
- Art clubs
- More DT
- Make things in PE
- Experiments in Science
- Not telling you the layout
- Rewarding
- Thinking outside the box
- Giving out questions with more than one answer
- Doodle books
- Creating own sums
- Creative maths
- Save the planet
- Collage
- Painting
- Creative in school – your ideas
- Art with recycled things
- Listen to other people

Ideas from the Deputy Headteacher

- Remind children on a daily basis when they have been creative and what they did to be successful.
